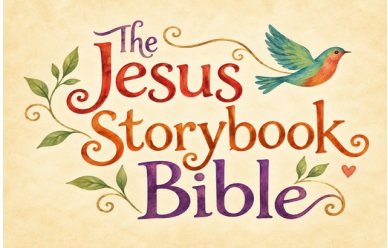
Welcome to Learning Together



2026–2027 Season

Faith • Questions • Good Company • A Brighter Tomorrow

Hello, everyone!

Fall is here, which means Learning Together is ready to begin a new year! This is our sixth year of offering a nine-month online program, September through May, designed to help meet the religious education needs of families at home.

Before beginning our regular lesson, I want to take a few moments to thank the Lord for the five wonderful years of Learning Together that we celebrated this past May. This year also brings another reason to celebrate: we are returning to our textbook and beginning again from the very first story. May God continue to bless this ministry and all who take part in it.

As in past years, each month Learning Together will explore a new Bible story through three weekly online lessons. These will be followed by an in-person gathering on the fourth Sunday of each month from 11:00 AM–12:00 PM, with the exception of December. Everyone is invited! More information about these gatherings will be shared at the end of each lesson.

Each Learning Together lesson includes a Children section, an Adult section, and a concluding section for Children and Adults Together.

The main resource for the children's stories is The Jesus Storybook Bible, written by Sally Lloyd-Jones. You and your family are invited to listen, read, create, pray, and explore one story from this book each month.

Each lesson begins with a video-recorded reading of the story, so families can participate even if they do not have a copy of the book. If you would like your own free copy, books are available at Resurrection Lutheran Church in New Berlin. The book may also be purchased online.

The Adult section is developed primarily through online research and additional resources related to each month's Bible story.

If you have questions or comments, please use this blog to submit them to Pastor Matt Short, who welcomes conversation and discussion.

We are glad you are joining us for another year of Learning Together!

Have a blessed year,
Margo Greer
